STRENGTHS

- Responsive UI Development
- API Integration
- Authentication
- Problem Solving
- Continuous Learning

PROFESSIONAL SUMMARY

Dedicated Full Stack Web Developer focused on building responsive, user-friendly web applications and reliable backend services. Hands-on project experience with React, Next.js, JavaScript, TypeScript, Node.js, Express.js, and MongoDB. Committed to clean, maintainable code, practical problem-solving, and continuous improvement.

SELECTED PROJECTS

Bazar Dor | Bengali Market Price Platform

Next.js • Tailwind CSS • daisyUI • API Integration

- Built a responsive Bengali-language platform for browsing market prices and product information.
- Created reusable product UI and product-detail navigation with authentication-protected details.

Live: bazar-dor-app-steel.vercel.app

FitLog | Fitness Tracking & Workout Planning

Next.js • Tailwind CSS • daisyUI

- Developed a fitness-focused app featuring workout information, exercise details, and workout-plan functionality.
- Designed responsive pages for mobile, tablet, and desktop screens.
